

26 NOVEMBER 2024

Islamabad MASSACRE

Islamabad Massacre – 26th November 2024

The Islamabad massacre marked one of the darkest chapters in Pakistan's history, where security forces unleashed direct gunfire on unarmed, peaceful protesters. Twelve civilians were confirmed dead, with hundreds missing and feared dead as the government refused to release the bodies and confiscated all hospital records.

On November 26 and 27, reports surfaced of live gunfire by Pakistani security forces targeting PTI protesters. Eyewitnesses described snipers initiating intermittent firing from 2 PM onwards, culminating in a final brutal assault under the cover of darkness late on November 26. The government labeled this as a "grand operation" against PTI protests, but the violence continued throughout the night. Rangers were seen destroying vehicles belonging to protesters. The main leadership container was also set on fire.

Footage circulated widely, showing police and paramilitary troops violently suppressing civilians during the day with heavy shelling and rubber bullets and direct firing. Harrowing images of bloodied corpses and protesters with gunshot wounds lying in the hospital and streens show the scale of the brutality inflicted upon peaceful protesters.

Disclaimer

We do not currently have exact data on the martyrs, missing and arrested PTI workers and supporters. Efforts are underway to collect and verify this information as we work tirelessly to trace all our people. With the severe crackdown by the fascist government, confiscation of hospital records, and restrictions preventing individuals from locating the bodies of their loved ones, it has become increasingly challenging for PTI to gather this information. We are committed to updating this drive daily as more information about our workers becomes available.

So far, 12 martyrs have been identified and confirmed as having been killed during the Islamabad D-Chowk protest due to the violent response from security forces. The death certificates of 3 of these martyrs have been released, showing the cause of death as gunshots. This directly refutes the government's claim that no firing occurred in D-Chowk during the protest on the 26th.

Shafiq Khan

DG Khan

Zahid Gishkori @ZahidGishkori · 6h

Appeal from family to PM @CMShehbaz sb for dead body custody.
Shafiq Lund's dead body is with Poly Clinic hospital. He got bullet wounds cause death at D-Chowk. His family is linked with PTI. He was attending protest. Neither PTI leaders nor anyone else helped the family.

Brother of Shafiq Lund from D G Khan is in Islamabad and requesting poly clinic administration to give him the dead body but doctors said they will lose jobs if they handover the dead body of deceased PTI worker to his family

PTI
@PTIOfficial

The tweet below claims that Sardar Shafiq's death occurred during an accident at D-Chowk. However, the nature of the incident is clearly visible in this video. According to the video and eyewitness accounts, Shafiq was martyred as a result of gunfire from law enforcement agencies at D-Chowk.

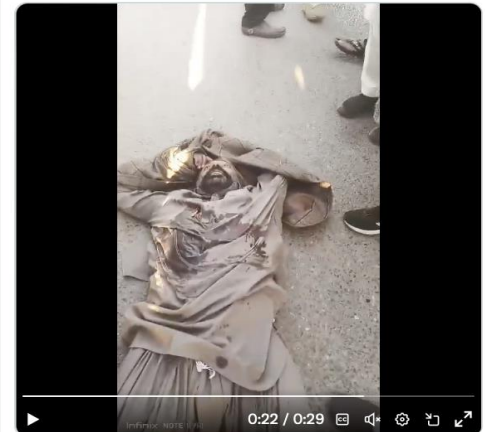

The hospital handed over the body of Martyr Sardar Shafiq to his family, stating that "His death occurred in an accident."

Seems like the hospital administration, including the doctors, have forgotten their professional ethics out of fear of the agencies. Also because the government has taken control of all hospitals in Islamabad, imposing strict surveillance and silencing any flow of information. Over 100 PTI supporters remain missing even after 48 hours and are feared dead. Families are desperately knocking on every door in search of their loved ones. Those who have received the bodies confirm that hospitals only handed them over after obtaining affidavits, stating that the deceased had no political affiliation, with strict instructions to remain silent about the cause of death. This shows that the scale of this state-sponsored brutality is unimaginable and continues to grow as more evidence surfaces.

Extensive Shelling and Straight Firing on Protesters

There is enough evidence provided in our Google Drive, received from protesters and reporters on the ground, that there was indiscriminate firing in D-Chowk, Islamabad, on 26 November. There is fear of hundreds of deaths and injuries, but with the government confiscating all hospital records and maintaining strict surveillance on hospitals, we have not been able to get more data on the exact number of martyrs and injured.
